

SIXTY REPORTED LOST IN STORM

MAY DIRECT RAIL STRIKE FROM CANADA

Prospect Looms Up So As To Evade Federal Laws of United States

TO INCREASE SLASH

Labor Heads Ask That Ballots Be Sent in as Soon as Possible

(By the Associated Press)

Chicago, June 12.—While additional wage cuts threatened to slash another \$40,000,000 from the payrolls of the carriers it was rumored today any rail strike growing out of present threats may be directed and financed from Canada to evade the decision of the United States supreme court holding unions liable for damages caused by their members.

Leaders of the rail unions said to be contemplating the move viewed the establishment of Canadian headquarters as legitimate because the unions are international organizations. Financial penalties in case of a walk-out could thus be averted, it was said.

Increase Slash

The expected wage reduction order will increase the slash in railway workers' wages to approximately \$150,000,000 a year. Clerks, signal men, stationary firemen and other marine department employees will join the shophmen and maintenance-of-way employees as victims of the new cut.

Strike ballots to the 400,000 railway shophmen were accompanied by the following letter:

"Every possible effort should be made to obtain the vote of every employable. This ballot will be completed as soon as possible and there must be no stop of work."

Time for Action

"This is the time for action and not talk or unnecessary delay. The railway employees department desires that every ballot shall be in Chicago at the earliest possible moment."

Clerical forces of the Chicago, Burlington and Quincy railroad, number 5,000, are said to have agreed in March to accept wage cuts averaging between 2 and 6 per cent. The agreement was reached independent of the railroad labor board. The minimum cut was one cent an hour but higher in many cases. Clerks receiving \$40 a month in 1917 were cut from their 1920 wages to \$39.50. The minimum under federal control was \$37.50.

The application for pay cuts for clerks made to the railroad labor board asked for reductions running from 10 to 15 per cent.

NORTH DAKOTA STRENGTHENS ITS NEWS SERVICE

St. Paul, Minn., June 12.—Continued extension of the leased wire facilities of the ASSOCIATED PRESS was marked today by the addition of Bismarck and Minot, North Dakota, to the central northwest relay circuit served out of St. Paul.

The Evening Tribune, at Bismarck and Daily News at Minot are the two papers that have amplified their news resources. They now are on the same wire with the leading daily newspapers of North Dakota and a number of Minnesota and Wisconsin.

E. C. TAYLOR, A PIONEER, DIES AT SON'S HOME

Resident of Burleigh County Since 1882 and Former Sheriff Succumbs

WELL KNOWN CITIZEN

Served Country in Many Capacities During His Long Residence in County

E. C. Taylor, a pioneer resident of Burleigh county, died last night at the home of his son, Warren Taylor, at Welch's spur, about 15 miles south-east of Bismarck. Mr. Taylor was taken suddenly ill at the home of his daughter in Detroit, Mich., May 4, and brought to Bismarck. After an operation at a hospital it was decided nothing could be done for him. He suffered an incurable tumor. Death occurred about 6:30 p. m.

Mr. Taylor was one of the many pioneers of Burleigh county who met and overcame great difficulties and reached considerable success in life. Coming here in 1882 from Vermont, he began farming near Glencoe. For years he operated a farm and dairy. From 1894 to 1898 he served as sheriff of Burleigh county. After that he resided in Bismarck. Mr. Taylor was a member of the board of county commissioners, the city council, and for several years had been a member of the city special assessment board. Mr. Taylor was active in the political and civic life of his community.

For the last three winters Mr. Taylor had lived in California, seeking to regain his health. He returned shortly before May 1 and went to Detroit to visit his daughter, Mrs. Carl Lidstrom.

Mr. Taylor was born January 9, 1846, being 76 years old. He is survived by a widow, Mrs. Carrie Donnelly Taylor and two children, Mrs. Lidstrom and Warren Taylor; one brother, Martin, in Colton, Cal., and two sisters, Mrs. Martha Lowner, and Miss Fannie Taylor, of Missouri.

Funeral services will be held at Webb's undertaking parlors at two o'clock Tuesday afternoon. Mr. Taylor was a member of the Christian Science church. Many of his old friends are expected to attend the funeral. Interment will be in the family lot at St. Mary's.

RICKENBACKER'S FLIGHT ENDS IN PLANE WRECK

(By the Associated Press)

Omaha, June 12.—Eddie Rickenbacker's around-the-country flight ended abruptly early yesterday when his large all-metal plane crashed while attempting to take-off from the air mail field here for Denver. None of the Rickenbacker party was injured.

Rickenbacker is continuing his journey to San Francisco by rail.

LEN SMALL TRIAL ON EIGHTH WEEK

(By the Associated Press)

POLITICS IN BANK LOANS IS AGAIN ISSUE

Nelson Admits Demanding Miklethum Withdraw During Discussion of Loan for Equity

DEFENDS HIS POSITION

Says as Manager of I. V. A. it Is His Duty to See Bank is Managed According to I. V. A.

The issue of political banking has again been raised in a campaign. For three years anti-league speakers attacked political banking at the Bank of North Dakota; the league speakers now are charging the present anti-league administration with political banking, and H. L. Stegner, gubernatorial candidate, declares there will be political banking as long as the bank is maintained.

Charges were made recently by C. W. Reichert, president of the Equity Packing Plant of Fargo, to the effect that the present Industrial Commission promised a loan to the company, that Theodore Nelson, I. V. A. manager, demanded as a consideration that Senator John Miklethum, member of the board of directors, withdraw as a candidate for the state senate and that when Miklethum would not do so the loan was refused.

Nelson Admits Request

Theodore Nelson, in a statement, admits that he did demand that Miklethum withdraw. He asserts he further demanded that the whole board of directors resign.

"My suggestion was that Mr. Miklethum should withdraw and then that some I. V. A. either one of these two, or some other, be agreed on between the League and the I. V. A. who would be in favor of continuing the farm loan department of the Bank of North Dakota; completing and trying out the mill and elevator project at Grand Forks and support in principle the state hail insurance."

Wanted Whole Bunch to Quit

Mr. Nelson said in part: In discussing this matter, I want to say at the outset, that I in no way spoke for the Industrial Commission (Continued on Page 5)

CHINA AGAIN IN THROES OF CIVIL CONFLICT

Armistice Proposal Was Merely An Effort to Gain Time

Tientsin, June 12.—(By the A. P.)—General Chang Tiao-Lin's proposals for an armistice with Wu Pei Fu appear to have been simply a ruse to gain time for the defeated Manchurian war lord. Heavy fighting broke out on Friday between Chinwangtao and Shanhsikwan. The battle has been raging steadily for the past three days.

NEW CABINET FUNCTIONS.

Peking, June 12.—(By the A. P.)—China, after ten days, virtually without an executive head functioning in Peking, again has a president and nucleus of a cabinet. Moreover, if indications are borne out the two will have a fair share of support from the South China section whose opposition to the old government has done much, if not most, to keep alive civil war for the past five years.

Li Yuan Hung, who was president until the monarchical coup of 1918 forced him from office, again is in power. He came to Peking yesterday and resumed office, and his first official act was to nominate Dr. Wu Ting Fang, former minister at Washington to be his premier.

CAMPAIGN MAY SPEED UP WITH ELECTION NEAR

All Sides Agree Voters Have Thus Far Refused to Get Very Much Excited Over Fight

STEGNER OPENS FIGHT

Ormsby McHarg Issues Statement, Taking Rap at the Soldiers Bonus of Sen. McCumber

With but 15 days left in the political marathon candidates and organizations today began to spur their entries to greater effort for the finish fight. With the home stretch not far away it is admitted on all sides that the campaign has lacked the intense interest or effort that has marked many past campaigns in the state. The apparent refusal of voters to be excited over the race has puzzled some politicians greatly.

It is generally agreed among politicians that the last week has seen the McCumber stock improving materially. There is prospect of the senator getting back to North Dakota for a few days before the campaign closes, but his action in sticking to his job in Washington in the face of a terrific fight has kindled admiration of many for the sturdy Scotchman. The gains in McCumber sentiment are particularly felt in eastern North Dakota, according to reports here.

Townley in Field

Governor Nestos and George Shafter, candidate for attorney-general, are doing the bulk of speaking for the administration ticket. The governor has been in the eastern part of the state while Shafter started Friday night in the western part.

A. C. Townley, who has been devoting himself chiefly to organization effort, is branching out somewhat and will make a few rally speeches before the campaign opens. The league campaign is being conducted chiefly by pluries in various parts of the state. The league crowds have been satisfactory to the promoters but some of them are frankly puzzled by the refusal of the people to work themselves into a frenzy.

Stegner Begins Fight

H. L. Stegner left Bismarck today for Minot, beginning his tour of the state. Silver Sergeant will join him at Minot, going from Devils Lake. Joseph Kooker, Dawson banker who is candidate for Secretary of State, is the third member of the "clean up" slate. The Stegner automobile bore a banner reading: "Clean up the State, Save the State Vote for These Men and Lead the State out of the Bondage of Taxation." Mr. Stegner has been much encouraged by reports from various parts of the state of a growing resentment against the expenditure of huge sums on the state enterprises.

The Hollstrom-Platow Democratic ticket is active, and see encouragement for the Democratic party in the registration reports. The Democrats are aroused to the prospect of a national victory four years hence.

Ormsby McHarg, third entrant in the Republican senatorial race, who has not been heard from since he filed his petitions, Saturday dispatched a circular letter to newspapers in which he informed Lynn J. Frazier that "I have become convinced as the result of advice received from all parts of the state that the contest for the Republican senatorial nomination is between you and me."

Mr. McHarg outlines several propositions he deems most important to the nation and asks Frazier how he will seek to have the United States senate enact a series of laws similar to the Nonpartisan league program in North Dakota; if he will vote for the McCumber plan of solvent bonus which the Attorney-General will lay before the state; the dissipation of the trust funds arising out of the grants made by the federal government to the state for the maintenance of its public school system; if he will urge upon congress an appropriation for the development of coal fields of the western part of the state.

16-YEAR-OLD BOY PROVES TO BE REAL DETECTIVE; LANDS PRISONER

Frank Robidou, 16, has had his first detective experience, entirely unexpected and highly successful.

HENRY FORD'S WIFE PREFERS HOME DUTIES

MRS. HENRY FORD

Though she has risen to millions from comparative poverty, the wife of one of America's richest men never has become a social climber—she shuns society.

She is Mrs. Henry Ford. This is one of the few pictures of Mrs. Ford you will see, for she is rarely photographed.

Mrs. Ford is seldom identified with public or social life. In Dearborn, Mich., where she lives, she is associated with philanthropy and social betterment.

She is said to own a third interest in her husband's business, but she is decidedly a home woman.

In her dress and manner she is very quiet. She seldom wears any jewels except her wedding ring and, once in a while, a string of pearls.

She is fond of motoring and outdoor life, but her greatest interests are Henry Ford, her son Edsel, and Edsel's two babies, Henry and Edsel II.

ROTARIANS GET INSIGHT INTO NEWS SERVICE

Edgar T. Cutter, of Associated Press, Explains Aims of The Organization

FATHER SLAG TALKS

Aims of the Associated Press, the great cooperative news agency, its methods and scope, were explained to members of the Bismarck Rotary club at luncheon today, by Edgar T. Cutter, of Chicago, superintendent of the Central division of the organization. Mr. Cutter gave the club members an insight into the workings of the Associated Press and told of the advancement of the Bismarck Tribune in service in the addition by the Minot Daily News and the Bismarck Tribune of the Associated Press leased wire.

Mr. Cutter was made an honorary member of the Bismarck club. Several newspaper publishers of the state, here to attend an Associated Press meeting, were guests of the club. Responses were made by W. R. Kellogg of the Jamestown Alert, John Bloom of the Courier-News, E. A. Tostevin of the Mandan Pioneer, and H. D. Paulson, representing the Fargo Forum and the Minot Daily News. Mr. Paulson complimented The Tribune on its enterprise in increasing its news facilities.

Father Slag spoke to the Rotarians on the significance of Flag Day, June 14. J. C. Taylor, on behalf of the program committee, presented the club with a new American flag. Hereafter Rotarian meetings will open with singing of "America."

Rotarian birthdays celebrated were those of G. N. Keniston and B. K. Skeels. J. C. Taylor read Mr. Keniston's history while L. K. Thompson told the secrets of B. K. Skeels' life. L. H. Richmond was the new member received today. Officers of the Town Criers club were guests.

NEWS SUMMARY

(By the Associated Press)

Omaha, June 12.—Eddie Rickenbacker's around-the-country flight ended when his plane crashed here.

Richmond, Va., June 12.—A street car motorman was stabbed to death by a crowd of negroes following an argument.

Chicago, June 12.—Charles N. Veehneck of Zion City and his bride were killed in an airplane crash.

Bessie, Ark., June 12.—William Delaney, 16, while walking in his sleep, shot and killed his father.

Marshalltown, Ia., June 12.—The body of James C. Dunn, owner of the Cleveland American league baseball team, was buried here.

TERRIFIC GALE SWEEPING OVER ATLANTIC COAST CITIES LEAVES DEATH AND DESTRUCTION IN WAKE

Pleasure Resorts Caught in One of Worst Storms Of Season—Property Damage Unknown—Amusement Devices Wrecked—New York Hit By Tornado.

DAMAGE TO RUN INTO MANY MILLIONS

New York, June 12.—(By the A. P.)—The death toll of the brief but terrific hurricane that swooped down on the metropolitan areas late yesterday passed the sixty mark today with indications that the total number of dead might go much higher.

The death list leaped ahead when an incoming tide returned 18 more bodies that had been swept out to sea last night. Four more bodies were recovered at Hunters Island and two were reported to have been picked up at Travers Island.

City Island—haven for Sunday pleasure seekers and amateur fishermen—was the hardest hit point in the metropolitan area but casualties, mostly by drowning were reported from many other points. The beach at City Island today presented a desolate spectacle. Several hundred persons—relatives of the missing—worn by hysteria, waited in little groups among the wreckage on the sand for some word of the fate of their loved ones.

Marine squad police, exhausted by their all night vigil, continued their cruise, keeping a sharp lookout for additional bodies. The full toll of the storm may not be known for days, if ever. The crowds that thronged City Island yesterday, were drawn from all parts of the metropolitan district and probably numbered many persons from distant points.

Ferris Wheel Wrecked

Next to the tragedy at City Island the most serious result of the storm was the wrecking of a ferris wheel at Clason Point Park in the Bronx. Seven merry-makers were killed and nearly thirty were injured.

Paul Simon, owner of wheel was arrested on a charge of homicide and two investigators were got under way to fix responsibility for the accident. The Hudson and Harlem rivers claimed their toll of canoe and small boats victims also, while six persons were killed by the fall of trees uprooted by the gale.

Storm Lasts 15 Minutes

All the damage was wrought in less than a quarter of an hour. The New York weather bureau reports the storm lasted officially but five minutes. It was described as "a severe thunder squall," during which the wind averaged 72 miles an hour. There was a brief period when the wind velocity touched 88 miles an hour and it was at this time it is believed, that most of the damage was done.

New York, June 12.—Daybreak this morning found hundreds of parents, children and relatives standing vigil at the docks of the City Island, awaiting the arrival of police boats, which during the hours of darkness had searched the waters of Long Island Sound for additional victims of yesterday's terrific storm.

Powerful search-lights played over the water as the ghastly quest went on but the swift tide apparently had borne away the bodies not recovered last night, and early today the police reported that the list of known dead had not been augmented.

More than fifty persons were thought to have lost their lives and upwards of 100 were injured in the tempest, which roared out of the hills of northern New Jersey, beat the Hudson into foam-capped breakers, swept across New York City and then seemed to settle on City Island and its vicinity.

Police boats which spent the night searching the waters of Long Island Sound off City Island reported this morning that no more victims of yesterday's terrific storm could be found. They said, however, the tide had probably carried away the bodies not recovered last night. The list of dead stood at more than forty. In the whole metropolitan district fifty-seven persons met death in the storm; damage running above \$1,000,000 was done and more than 100 persons injured.

Thousands of rowboats and launches dotted the sound just off City Island and just before the breaking of the storm; when it had passed, the water was strewn with overturned craft and the buildings on shore resembled a battle-torn village in No-man's land.

People Struggle in Water.

Many parties hurrying for safety saw people struggling in the water but dared not stop for fear of capsizing their own craft. The rescue work started immediately, but darkness and the panic stricken crowds hindered the labors of the volunteer life savers.

Property damage estimated at from \$1,000,000 to several times that amount was done by the tornado.

The storm followed a day of intense heat and was as sudden as it was violent. Low hanging clouds across the Hudson river were observed, but they seemed to be far away and danger was unforseen. Then like magic the sky darkened, the clouds seemed to dip toward the earth and before the frightened people could reach places of safety the wind came.

Direct Path of Hurricane.

Clason's Point, a pleasure ground near City Island, was in the direct path of the hurricane. A ferris wheel heavily freighted with children and young people had just begun to revolve with its passengers when the 88 miles an hour wind struck it. So sudden was the transition from a bright June sky into inky clouds that the men in charge of the wheel could not stop it and discharge the people in the cars before the top of the wheel was torn away and the remainder crashed to the ground, a tangled mass of steel.

Dozens Buried.

Dozens were buried in the wreck. Six bodies were taken out and more than two score were attended by ambulance surgeons, and the seventh victim died today.

Frail buildings were crushed by the mighty weight of the wind; electric light wires were torn away and in the darkness and torrential rains the rescuers could do little until the storm had subsided. Hysterical men and women tearing blindly at the wreckage, hindered rather than helped the work.

ODD FELLOWS HONOR LOCAL LODGE MEMBERS

Mrs. Georgia Packard Named an
Officer of the Rebekah As-
sembly at Grand Forks

Mrs. Tillie Siegel of Fargo, was elected president of the state assembly of Rebekahs at the final business session of that organization, which, with the other branches of Odd Fellowship, has been holding its state meeting here during the last few days. Other officers elected by the Rebekahs were: Mrs. Lenora Holmes, Inkster, vice president; Mrs. Kate Robertson, Ellendale, warden; Mrs. Georgia Packard, Bismarck, secretary; and Mrs. Thora Broderson, Velva, treasurer.

Wichersham Heads Grand Lodge. Officers of the grand lodge of Odd Fellowship were elected as follows: W. S. Wichersham, Oakes, grand master; A. A. Dinsdale, Dickinson, grand warden; Don McDonald, Grand Forks, grand secretary; Ole Serumgaard, Devils Lake, grand treasurer; W. H. Kennedy, Velva, grand chaplain; J. A. Pitzer, Wilton, grand marshal; C. Ellithorpe, Williston, grand conductor; George Varnanman, Wahpeton, grand guardian; W. A. Hite, Ashley, grand herald; W. E. Byerly, Velva; and George Dickinson, Bismarck, were elected trustees.

Theodore Koffel of Bismarck, was elected department commander of the Patriarchal Lodge, I. O. O. F., and the department headquarters will be located in Bismarck. C. L. Hanson, of Bismarck, was appointed lieutenant-colonel. Mrs. Rose Meiser and Mr. Kipsgard of Bismarck, were awarded the decoration of chivalry by the grand lodge.

Among those from Bismarck attending the convention were Theo. Koffel, C. L. Hanson, P. D. Kibsgard, H. J. Stroelke, Mr. Berger, August Watz, Mrs. Nellie Evans, Mrs. Rose Meiser, C. W. Greene.

Minot was awarded the next convention.

LEAGUE WOMEN END MEETING

Resolutions Close Convention of
County Organization

The last day of the convention of the Federation of Women's Nonpartisan clubs of Burleigh county which was held at Odd Fellows hall yesterday was attended by a good sized crowd of delegates and club women.

During both days of the convention music which was furnished under the direction of Mrs. Thistlethwaite lightened the strenuous business sessions and numerous discussions of problems and questions which were brought up by the speakers and club members. The important event of the second day was the drafting of the resolutions for the club. The resolutions passed by the delegates of the Nonpartisan clubs of Burleigh county read as follows:

Whereas, woman has come into a broader heritage and scope of activity through the ballot, organization is imperative, just as teachers, churches, bankers, and every group of people accomplish high standards only by perfect organization so we felt the needs of organization to enlarge and broaden our viewpoint of life, to reach and bring out the women from the silent corners of the state, to make better citizens and better communities and to bring before both our men and women all the important problems of our day; and

Whereas, Women's Clubs form the second education of our people through which the citizenry may be awakened to the dangers which at all times assail our free Republic.

Be It Resolved, that we as a woman's organization will give our most earnest efforts to promote the advancement of club work to the end that our children may have better living conditions than we have had and we heartily approve of the proposed constitutional amendment by the American Federation of Labor to abolish child labor and whereas, we the people have to fight the battles and bear the burdens of war.

Be It Resolved, that our nation be open and above board and that this country shall not declare war without first putting it to a vote of the people.

We commend the enactment of the State Soldiers Compensation Measure by the farmer-labor administration, and also favor federal adjusted compensation by congress for those who fought our battles in the World War.

Whereas, we deplore the unpatriotic and terrific pre-election attacks upon candidates of all parties which belittles the future officials, such vilifications cause our growing voters to look upon our government with more or less contempt and distrust and engenders disloyalty and prejudices, rather than respect and trust in our institutions.

Be It Resolved, that we stand for everything that is honest and honorable, and demand that our public officials fulfill their pre-election promises.

Whereas, these delegates of the Federation represent the people and know there are unprofitable conditions.

Be It Resolved, that we demand a fair living price for labor and products and urge the passage of the "Agricultural Prices Stabilization Act, 1922" now before congress, as real means to afford relief to agricultural conditions.

Whereas, there is lack of playground supervision which may be the first step to lead children down the road of immorality.

Be It Resolved, that we demand strict supervision of all playgrounds and that we make an organized effort to provide clean and uplifting amusements in each precinct.

Resolved, that every township dis-

CANDIDATES FOR STATE ADJUTANT IN HOT FIGHT

The One Elected Will Carry
With Him The Legion Head-
quarters To His Home City

Devils Lake, N. D., June 10.—The Fargo District, the Slope country and the Northwest with Minot as the center seem to be lining up for the battle over the next headquarters of the American Legion. Officially it is the election of the next state adjutant that is causing the alignment. Only one part of the state, the northeast is not represented in this alignment, although the fact that one of the candidates was a student of the state university is supposed to take care of this territory.

Efficiency, experience and fame also are said to be in the battle, one candidate being noted for his ability to complete what he starts, another having handled Legion affairs for some time and the third having been in the limelight because of his student days exploits.

National headquarters are supposed to favor experience, but the American people are reputed to be disregarding the desires of national headquarters, it is said this year. Legion men in the state have made protest that the Legion is not before the people as it should be and this belief is the basis of support for one candidate. Wide acquaintanceship has brought votes in the past and the wide range of college brotherhoods has been known to work political wonders.

The three candidates, election carrying with it the headquarters of the Legion to his home city are:

Jack Williams of Fargo.
Bill Upshaw of Jamestown.
Bob Lowe of Minot.

PINCHOT LOSES IN ONE FIGHT

Organization of G. O. P. Names
State Chairman

Philadelphia, June 10.—The regular organized forces of the Republican party in Pennsylvania won a victory over the supporters of Gifford Pinchot, Republican candidate for governor, today when they elected W. H. Baker, of Harrisburg, as chairman of the state committee.

His opponent for the position was Gen. Asher Miner, of Wilkesbarre, a World War veteran.

United States Senator George Wharton Pepper was elected Pennsylvania's member of the Republican national committee to succeed the late Senator Penrose.

LEXINGTON SEEKS DEALERS TO CARE FOR EXPANSION

Big Demand For its Products Makes
Enlargement of Sales and Service
Facilities Necessary.

An enlarged dealer organization in all parts of the country has been made necessary for the Lexington Motor Company of Connersville, Ind., to keep pace with the rapid growth of its production and expansion plans for Lexington and allied companies.

Production in May marked definitely for Lexington the end of two years of curtailment and plans for enlargement to take care of the constantly increasing demand for its product are being made.

Lexington, with a sales and service force already national in scope, has started on an intensive drive to enlarge this organization to such an extent that every Lexington owner will have the assurance of Lexington service.

The readjustment in the automobile business has served simply to emphasize the demand on the part of the automobile owner for service available wherever he may be. Lexington believes the development of service facilities all over the country is as important as the expansion of its dealer organization.

So pressing is the demand for Lexington motor cars and so keen the desire on the part of the Lexington Motor Company for the extension of its sales and service organization that it is publicly offering to help finance real business men who desire to handle Lexington.

Never in the history of Lexington has such a rush followed by announcement as that resulting from the Series 22 Lexington at \$1745.

C. C. Hanch, executive vice-president of the Lexington Motor Company and a man of wide and long experience in the industry, says that "no greater value has ever been offered the buying public than this new car."

Dealers, too, apparently look upon it as almost revolutionary for the factory has been literally swamped with orders making necessary the immediate carrying out of expansion plans under consideration for months.

GOING TO CAMP

Killdeer, N. D., June 10.—Frank Lewis, Riley Lawhead, Laverne Tygum and Norbert Wilson have made application to attend the Citizens Training Camp for boys at Fort Snelling, Minn., for which boys of good character and physical qualifications over seventeen are eligible.

FIRST CABINET WEDDING TODAY

Washington, June 10.—The first cabinet wedding of the Harding administration will be that late today of Miss Catherine Hughes, daughter of Secretary of States Charles Hughes, and C. L. Waddell, New York. The president and Mrs. Harding, the whole cabinet and the entire diplomatic corps is to be there.

GIVE HOPE FOR A SMALL LOAN

Paris June 10.—(By the A. P.)—An important conclusion arrived at by the international committee of bankers as set forth in their final report to the allied reparations committee is that although a large international loan to Germany cannot be recommended at the present time the subject can be taken up later and in the meantime a relatively small loan to prevent financial collapse in Germany might be arranged if necessities required it.

RISK BUREAU IS UPHELD

Fargo, June 10.—Judge A. T. Cole, in Cass county district court, today denied petition of Charles Footer, Mapleton, for an injunction to prevent the state workmen's compensation board from enforcing payment of benefits to a man injured in his employ. Footer attacked one clause of the compensation act as unconstitutional.

BANK CLOSED IN WISCONSIN

Madison, Wis., June 10.—The Montfort state bank at Montfort, Wisconsin, was ordered temporarily closed pending investigation of the bank's financial condition following the disappearance two days ago of Clyde Stephens, cashier, who left a note saying: "This is my last day on earth; I may have betrayed others but others betrayed me."

St. Cloud Gets U. C. T. Convention

Valley City, N. D., June 10.—St. Cloud, Minnesota, was chosen next year's meeting place and officers of the grand lodge of United Commercial Travelers, jurisdiction of Minnesota and North Dakota, were elected at the annual convention which closed today.

The good roads movement in both states was indorsed and definite decision was reached to establish a woman's auxiliary in North Dakota.

A parade this morning was followed by a sports program including a Dakota league baseball game, an automobile, barrel race and other contests in the afternoon.

A carnival and dance scheduled for tonight will end the convention.

W. N. Donaldson was advanced to the post of grand counselor and other officers also advanced. T. I. Lewis, Fargo, is next in rank to Donaldson.

The reinder is said to be able to endure more fatigue than any other draught animal with the exception of the camel.

9 HOMES ARE BEING BUILT

Many New Residences to be Constructed Here This Year

A number of fine new residences are either under construction or will be in the near future in Bismarck. William Welschenborn is having a fine two-story house put up on W. Rosser.

J. H. Olson has given a contract for a five room bungalow on W. Avenue A. Two small bungalows are going to be constructed for L. H. Careful on W. Broadway, northwest of the swimming pool.

Among the other houses going up, previously announced, are a five-room California bungalow for Spencer Boise, six-room house in Dutch colonial style for Gordon Cox, two four-room novelty bungalows for the Bismarck Construction company.

AT THE MOVIES

"Gay and Devilish," a fast-moving comedy brings Doris May again to the Capitol theater where her most recent R-C production will be shown for two days beginning Monday. With the flapper craze sweeping the nation Miss May's popularity is soaring.

THE UNIVERSAL TRACTOR
395
F.O.B. DETROIT
Repair service for everything electrical on automobiles, trucks and tractors — thoroughly A-1 service that is really dependable.
Now is an excellent time to have the starting, lighting, and ignition system of your machine put in excellent condition for the strenuous demands of the coming season—HERE is the place to do it. Modest charges.
ELECTRIC SERVICE & TIRE CO.
215 Main Street.

Buy Your Fordson NOW

At this amazingly low price you can't afford to wait another day for your Fordson Tractor.

There is no tractor made that can approach the money value of the Fordson. Nor is there a Tractor made that can do more work for you.

Remember, the very day your Fordson arrives, it is ready for any one of the 101 jobs it can do—either as a tractor or a stationary power plant.

The Fordson has proved to the 170,000 owners that it has not only cut the cost of field work 30% to 50% but that it has made substantial savings on every job to which it is put.

Fordson figures are interesting—money-savers, labor-saving, drudgery-saving facts you ought to know. Come in, phone or write today.

A. F. OF L. IN 42ND ANNUAL CONVENTION

Record of Organized Labor's
Achievements Is Given By
Executive Council

OPPONENTS WERE ACTIVE

Cincinnati, Ohio, June 12.—The record of organized labor's accomplishments in "a year of unusual strife and unusual industrial depression" was laid before the forty-second annual convention of the American Federation of Labor today in the report of the Federation's executive council.

The "open shop" unemployment, wage reductions, recognition of Soviet Russia, the one big union, court decisions and injunction affecting labor and other subjects formed the major issues that confronted the American Federation of Labor when it opened its two weeks' convention here today. The report of the federation's executive council on many of these issues, was ready for presentation to the delegates.

No debate was on the program for the opening sessions because of the preliminary routine and introduction of resolutions some of these possibly presenting new issues. Delegates here for the opening were estimated to number 500, forming what Samuel Gompers, the federation president described as the "parliament of labor."

"Our consideration of industry and industrial problems," said a formal statement by Gompers forecasting the convention's work "will be from the point of view of service to the masses of our people. Our consideration of political problems will be from the point of view of freedom and progress for humanity."

The report declared that American labor during the year not only suffered from the widespread unemployment that existed but was beset "by opponents more active and determined than ever."

In addition to strictures on the conduct of employers in numerous cases, the report added explicit and pointed criticism of congress and of some state legislative bodies, declaring such branches of the government to be "succumbing to a wave of reaction. Fault was found with the action of some courts, including the supreme court, and with what was described as President Harding's "proposal to regulate trade unions."

"It is with no little satisfaction in view of these circumstances," the report on the other hand declared, "that we are to lay before this convention a report of achievement, a report of solidarity, a report of constructive planning, and a report that only inadequate portrays the militant spirit with which our movement has come through the years. The audacity of those who have made it their business to attack in every possible manner the military organizations of the workers has had no parallel in our country. What our movement has been compelled to meet has been a condition in which the predatory powers have sought to break down all resistance in every quarter and to enrich themselves at the expense of the whole people. No experience has testified as eloquently to the fundamental soundness of our organization and to the manner in which they serve the workers. We shall fight with a greater confidence because of the record that has been made."

Cessation of Work
The report declared that in the direct labor field "workers in a number of industries have been compelled to resort to cessation of work" because "organized employers" were "unwilling to meet workers in conference for negotiation." The most important instance of this policy was declared to be the cause of the existing coal mine strike, although troubles in the textile, garment, printing, granite, and packing house industries also were cited.

The organized mine owners repudiated their agreement with the United Mine Workers of America, the report said, "compelling the mine workers to cease work. Packing house employers were likewise guilty of violation of agreements. The contest going on among employers and the printing trades union involves a contemptuous disregard and flagrant violation of an agreement by employers and their associations."

"We have recorded only these violations of agreement by employers which are of national importance. We know of no similar period of time in which there have been so many wanton violations of contract on the part of great organizations of employers. We submit that it is a vital essential that there be a return of good faith in industry, a return to standards of morality which will restore the pledges of men to their true and proper meaning. If it is impossible to have faith in pledges given, then the entire industrial structure will be undermined."

TERRIFIC GALE SWEEPING OVER ATLANTIC COAST CITIES

(Continued from Page 1)
ers engaged in lifting ruins of the wheel. Police reserves numbering 200 were rushed to the scene and restored order.

Sweeps Across New York City.
The gale which swept across the Metropolitan district was accompanied by rain. Huge trees in Central Park were uprooted and tossed across the driveways.

Five people were hurt when the wind blew out great plate glass fronts of stores along Broadway and scattered haberdashery and clothing along the street.

Hundreds of thousands of New Yorkers were on the beaches and at various outlying resorts seeking relief from the heat when the storm broke and it was from these that the storm took its death toll.

Twenty thousand holiday-makers went to City Island yesterday and half of them went out on the waters of Pelham Bay. It was jammed with boats of every description when the storm hit. Few had opportunity to or the state administration when I talked to Mr. Reichert and I am not speaking for either now. All I have to do with the Bank of North Dakota is that as manager of the I. V. A. it is my duty to insist that the bank shall be handled as was promised by the I. V. A.'s in the Recall election campaign namely on a business basis instead of political and I am sure that it is now generally conceded that it is so handled. I know next to nothing about who it loans money to or from whom it collects.

According to the Sentinel-Courier Mr. Reichert charges that I proposed that Mr. John Mikkelsen should be withdrawn from the senatorial race in Griggs county. I did more than that, I suggested that for the good of the packing plant the whole board of directors should get itself out of active political work, loan or no loan; and I have no apology to make for the suggestion. Mr. Mikkelsen has been one of Messrs. Townley and Lemke's most loyal servants in the legislature during the whole service there. Aside from that he has been almost valueless to his district, even to the Nonpartisan Leaguers who believe that members of the legislature should have some individual independence and initiative.

"But when it is charged that I suggested that Mr. Mikkelsen withdraw in favor of Mr. W. H. Butler, somebody put the wrong foot forward. In the 18th legislative district (Griggs and Steele counties) there are two I. V. A. candidates, Mr. Mikkelsen and Mr. Butler on the Democratic ticket and Mr. Butler on the Republican ticket. My suggestion was that Mr. Mikkelsen should withdraw and then that some I. V. A. either one of these two, or some other be agreed on between the Leaguers and the I. V. A. who would be in favor of continuing the Farm Loan Department of the Bank of North Dakota; completing and trying out the Mill and Elevator project at Grand Forks and support in principle the state hail insurance.

Must Quit Fighting I. V. A.
"I also suggested," Mr. Reichert said, "that Mr. Mikkelsen who is a member of the board of the directors of the Packing Plant, but that all of the members of the board should get themselves out of active participation in the political contest this summer, because the stockholders consist of both Nonpartisans and I. V. A.'s and it isn't fair for a Nonpartisan Board to use the Packing Plant as a political tool for their personal political interests. Two years ago the use of the Packing Plant as a political agency in behalf of the Townleyites became very generally talked about."

"As manager for the I. V. A. it is part of my business in behalf of the independent voters of the state, to try to get elected to the legislature as many people as possible who are opposed to the preaching and practicing of the Townley-Lemke-Hagan, et al doctrines. So why shouldn't I try to get such an obedient servant of Messrs. Townley and Lemke's as Mr. Mikkelsen is out of the race for member of the state senate."

(By the Associated Press)
London, June 12.—A dispatch to the Times from Hong Kong says that the so-called parliament at Canton has requested Sun Yat Sen, as president of the Republic to issue a manifesto denouncing General Li Yuan Hung, as a traitor to the constitution and protesting against his reinstatement as president.

Barron Creamery Gets Big Run of Cream in May

(By the Associated Press)
Barron, Wis., June 12.—The Barron Cooperative Creamery here, the largest creamery in the world receiving almost a half million pounds of cream during May, according to the report for that month just announced. From this amount of cream, approximately 135,000 pounds of butter fat were obtained. During May the creamery had 1,055 patrons. The creamery paid 42 cents a pound for butter fat.

MANY INJURED IN STORM AS WIND WORKS HAVOC

(Continued from Page 1)
get ashore. The known casualties occurred off Execution Light, about six miles east of City Island.

It was estimated by Lieutenant Joseph Reilly of the City Island detectives that no fewer than 10,000 persons were fishing off Execution Light, Rat Island and another island nearby when the storm struck.

Scene of Pandemonium
City Island became a scene of pandemonium. Many of the men had gone out to fish and left their wives and children there to picnic. As soon as knowledge of the drownings became generally known and heads of families, sons and in some instances daughters failed to return, the survivors became hysterical.

The storm lashed the waters of Long Island Sound into such a fury that in many instances life savers who ventured out were forced back to shore by huge waves.

Police estimated more than 200 small boats had been overturned. In Brooklyn lightning struck a street car and knocked six passengers unconscious.

Electric signs along the White Way seemed special targets of the wind. A huge sign extolling the virtues of an automobile tire, was torn loose from its moorings, toppled over into a skylight, carrying a smaller sign with it in its plunge and started a fire from disconnected wires. The force of the crash set off an automatic burglar and fire alarm.

CIRCUS DRAWS BIG CROWDS OF EAGER KIDDIES

People Flock From Surrounding
Territory to See Christy
Brothers Show

It was circus day in Bismarck today.

This is no news to the kiddies nor to many others. For the circus fans were out bright and early Sunday morning to see the Christy Wild Animal Shows unload. The circus came to Bismarck from Mandan, where it showed to two large audiences Saturday and indications were that big crowds would greet the circus here this afternoon and tonight.

With the unloading of the circus came scores of boys and girls eager to see the big, glittering wagons roll from the cars, watch the elephants, camels, zebras and the horses choose their steps down the incline running from the car door to the ground.

When the parade began moving today at noon, a great crowd of people had come to the city from surrounding country.

The performance this afternoon was well attended and up to the standard of the parade. The elephants were trained to do all kinds of antics, including the Salome and shimmy. The lion act was probably the most sensational ever seen here with any tented aggregation. Prof. Stokes had the jungle beasts well trained although "Babe," the meanest one, gave him lots of trouble and it was questionable if he would have been able to leave the arena alive had it not been for his quickness in using the hot iron on "Babe."

</

**N. D. A. C. WILL
SEND OUT NEWS
BY RADIOPHONE**

All Reports Will Be Sent First
By Telephone, Then Repeat-
ed By Dots and Dashes

WAVE LENGTH 75 METERS

Fargo, N. D., June 12.—The North Dakota Agricultural College will begin the broadcasting of weather reports, markets and possibly some news before July, possibly by the middle of June, according to announcement by the physics department. The only thing lacking is a motor generator which is expected to arrive at any time.

A 100 watt vacuum tube transmitter will be used to cover a radius of at least one hundred miles by radio telephone or 250 miles use of telegraphy.

Sigmund Liefson, in charge of the work, announces that the broadcasting will, as nearly as can be determined now, be done as follows:

The wave length will 375 meters. All reports will be sent first by telephone and then repeated by dots and dashes.

A regular time for daily transmission will be worked out, probably early in the morning or at noon. There are two factors to be considered in this matter—convenience for the greatest number of people to be served and the fact that as the sun rises higher in the morning, static interference becomes more troublesome. It becomes worse just before sundown. Therefore the transmitting should be done before noon at least. To reach the farmer it seems best, in the light of present knowledge, to put the call before he goes to the field in the morning or at noon. If the reports are copied in the smaller towns and telephoned to the farmers, this particular time for broadcasting will not be necessary.

Just what will be sent will also have to be worked out. The Moorhead weather report will probably be included as well as markets which the station picks up from Minneapolis and Omaha. With its advantage as to equipment the college station can pick up the radio market reports which smaller stations throughout the state would be unable to get. It is hoped to have the government hourly reports eventually, but that must come later according to Mr. Liefson.

**ADVENTISTS TO
HOLD MEETINGS
AT JAMESTOWN**

20th Annual Conference Will Be
Held at Jamestown June
20 to July 2

Jamestown, N. D., June 12.—The 20th Annual Conference and Camp meeting of the North Dakota conference of Seventh-day Adventists will be held in the Fair Grounds Park, Jamestown, North Dakota June 22 to July 2. At this session all the conference officers and departmental secretaries will be elected for another year. The constituency of the conference is represented by the delegates of the churches on the ratio of one for the organization and one for every fifty members and factional part thereof.

Aside from the regular local workers of the conference the following speakers and workers of Minneapolis, Minnesota, will be present representing the Northern Union conference of which North Dakota is a part: Elder E. T. Russell, President, I. G. Orner, Secretary-Treasurer, Prof. H. J. Sheldon, Secretary of the Young People's and Educational Department, Elder A. Grundest, Secretary of the Home Missionary Department, and E. M. Oberg, Field Secretary of the Union.

The following speakers from abroad are expected to be present: Elder Ernest Kotz, of Europe and Africa, F. C. Gilbert, the converted Jew from Boston, who has charge of the Jewish department of the General Conference, Elder M. E. Kern of Washington, D. C., Secretary of the People's Department of the General Conference, Elder J. T. Boettcher of Chicago, Mo., Secretary of the German Department of the General Conference, S. J. Abegg, of St. Paul, Minnesota, Secretary of the Pacific Press Publishing house Branch, Mountain View, California. Daily services will be held in the English, German, Scandinavian and Russian languages.

**CANNING TIME
IS AT HAND**

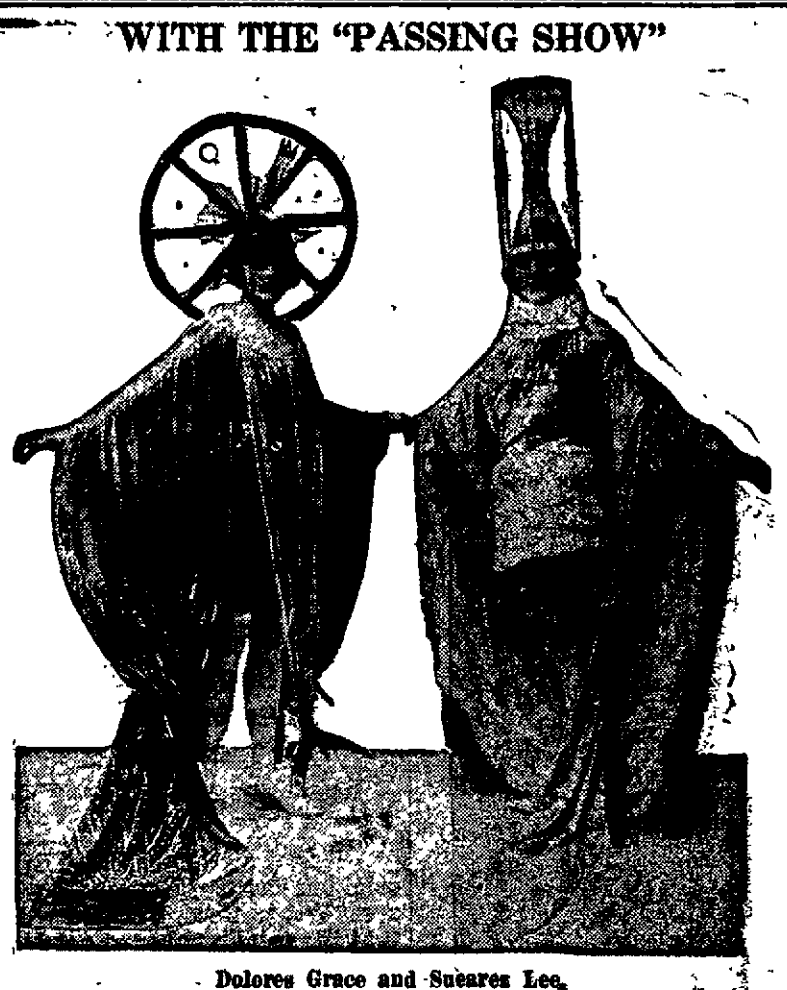

Canning time is at hand for the industrious housewife.

Within the next two weeks the big supply of strawberries from Hood river and Wenatchee valleys will be on the market. Reports indicate a fine crop of early fruit, particularly a bountiful supply of berries. Following this fruit will come red raspberries, cherries and plums.

Careful housewives are now looking over their jars to see if they have a supply of lids and rubbers on hand, for they know when the big season is on, all the essentials for careful canning is not always so easy to obtain. Many a jar of fruit has been spoiled by using old rubber rings which have lost their flexibility.

Sugar is reasonably cheap and with plenty of fresh fruit, the industrious housewife is preparing to fill her jars. —to stack her cupboards from top to bottom.

The Wadikuyu tribe of East Africa believe that death is "catching," and therefore that no one should touch a dead person.

WITH THE "PASSING SHOW"

The new big "Passing Show of 1921" comes to the auditorium June 15. This is the revue which played all last season at the New York Winter Garden. It has but recently concluded a 23-week run at the Apollo theater, Chicago.

Willie and Eugene Howard are the stars and there is a company of 200 people. There are two acts and twenty-six scenes. According to advance reports the high cost of silks and satins as well as of everything that enters into the expense of stage productions of today seem not to have entered into the calculations of the Messrs. Shubert in producing this new revue.

It is said the costumes worn in this colossal spectacle are the loveliest in design, the richest in fabric and the most tasteful in coloring ever seen in a modern extravaganza.

Art critics have bestowed the highest praise on the aesthetic aspects of the latest "Passing Show."

**IRRIGATION FACTS ARE GIVEN TO
CONGRESS HERE BY GEO. M'MAHON**

The result of engineering experience and close study of the irrigation problem, as given to the irrigation congress here by George H. McMahon, assistant state engineer, has excited much interest. Mr. McMahon said:

"This Congress has been called to consider ways and means of securing a greater development of irrigation projects in North Dakota. However a brief review of what is being done elsewhere would not be inappropriate at this time. The three largest stream systems in the west suitable for irrigation are the Missouri, the Colorado and the Columbia. The Columbia River Basin Project is an ambitious scheme that contemplates the development of the Columbia River and its tributaries.

"Surveys and estimates of this project have been completed and recently General Goethals, builder of the Panama Canal has been called in to pass on the feasibility of two alternate schemes of development. In his report on this project General Goethals says: 'The Columbia Basin Project is as much a national one as were the Panama Canal and the Alaska Railway and will, if completed, add much more to the national wealth than either of the others mentioned. The work should be provided for and carried out as were these other two national projects—by direct appropriations.'

"The Colorado River Project has reached a similar stage of development.

Rock Fill Dam

"The U. S. Reclamation Service contemplates the construction of a rock fill dam of enormous dimensions at Boulder Canon. This dam is to be 600 feet high, requiring a width of 3-4 of a mile at the base and providing a storage capacity of 20 million acre feet. This storage capacity being eight times that of its nearest competitor, the Elephant Butte reservoir in New Mexico. Just what this storage capacity means in terms of the Missouri River may be judged by the fact that the Boulder Canon Reservoir will store a quantity of water greater than the entire annual flow of the Missouri River at Bismarck.

"With the development of the Colorado and Columbia stream systems is already well under way the use of the Missouri River, the greatest of them all, has scarcely been considered.

"Unfortunately there is no such favorable reservoir site on the Missouri River. However on the tributaries of the Missouri there are very favorable storage possibilities.

"It is quite possible that after such reservoir are provided and the flood waters of the Missouri River controlled, diversion dams for the purpose of irrigation could be constructed in the states of North Dakota and South Dakota.

Another Alternative

"There is another alternative in the way of a gravity project on which the cost per acre if developed on a large scale will be far less than that of the Columbia River Goethals recommended by General Goethals and the total development cost should be less than ten percent of the Columbia River project mentioned.

"This project would call for a diversion tunnel from old Fort Stephenson through the coteau to the Mouse River Valley.

"It seems to me that this scheme should be among the first to be investigated.

"There are numerous storage possibilities on the lesser streams of North Dakota, notably on the Heart and Cannon Ball and also on the Little Missouri.

"There is a reservoir site on the Heart River in Sec. 13, Twp. 136 N. R. 89 W. about halfway between Glen Ullin and Elgin. A 60 foot dam at this point will give a reservoir capacity of 30,000 acre feet, an amount peactly of 300,000 acre feet, an amount the Heart River.

"A dam at this place would be less than 700 feet long and could be constructed of the rock fill type with a masonry core wall. There are rock ledges on each end of the dam site that will afford a plentiful supply of material.

"This reservoir will supply sufficient water for the irrigation of thirty sections of land, a good part of which could be supplied by gravity.

"It seems that the most urgent thing to be done at this time is to secure an appropriation by congress to be expended in surveys and investigations of the projects mentioned, as well as other projects that have been considered in the past, notably the Bowman project and the various pumping projects along the Missouri River bottoms.

Why Conserve Waters

The flood waters of the Missouri that should be conserved for irrigation are not only allowed to run to waste but in addition cause great damage along its two thousand mile course from the mouth of the Yellowstone to the Mississippi River. Thousands of acres of fertile farm land are cut annually but this does not end the destruction wrought.

The Missouri River supplies a large quota of the 145 cubic miles of silt that passes through the mouth of the Mississippi annually. The silt carried by the Missouri River which under flood conditions is over one half of one percent of its volume is perhaps the greatest menace to navigation of the lower Mississippi. It makes the problem of providing auxiliary outlets extremely difficult.

The Atchafalaya outlet which carries about 1-3 of the water of the lower Mississippi during flood conditions has caused a silting up of the Mississippi below the mouth of the Red River. And at the present time the government is asked to close the Atchafalaya outlet at a cost of millions of dollars.

"Why not spend these millions to control the Missouri River floods in Montana, North Dakota and South Dakota, using the water for irrigation, thereby saving the large acreage of farm land destroyed by floods annually and carried on down to the Mississippi to obstruct navigation.

"Before any government aid is forthcoming the demand for irrigation development must come from the people themselves."

"This was true of the Columbia River project; this was also true of the Colorado River project where seven states are cooperating in urging development.

"The New Orleans Chamber of Commerce suggests that the twenty-seven states concerned in the flood control of the Mississippi cooperate for their mutual benefit.

"I sincerely hope that the North Dakota Irrigation Association will have not only your moral support but your financial assistance as well in carrying on the good work they are now doing in promoting irrigation development in this state and would suggest that a tri-state organization be formed to promise the development of the upper Missouri."

OLD CREAMERY ORGANIZATIONS ARE "NO MORE"

Few of North Dakota's creamery organizations have been in existence for twenty years; many changes in the business have occurred in the last ten years and the stock company which was the popular form of promotion of just a decade ago has almost passed from the ken of North Dakota's dairy organizations.

In the place of the stock company, four of the present creameries are partnerships, twenty-seven are owned by individuals and twenty-seven are corporations. The latter title is not a well for the stock companies of a few years ago, but is a title of a well ordered set of business institutions.

Fifty of the present creameries make butter and fifty-one make ice cream, these two being the manufacturing activities listed in the 1922

North Dakota creamery directory. Twenty-eight sell eggs, twenty-two sell poultry and fifteen are listed as selling milk.

The distribution of these fifty-eight running creameries places in thirty-three of North Dakota counties. Morton and Cass counties lead with five creameries each, and Richland, Grand Forks, McLean and Williams are next with three each.

Twenty years ago, in 1902, according to the directory of that year the state had twenty-eight creameries. In only a few of these is there anything to indicate that there has been a continuing organization for the score of years. Morton was again one of the high counties of the state, that county and Sargent having nine creameries each, Richland had three, Stark two, and Oliver, LaMoure, Dickey, Wells and Cass one each.

**MANY BANDS TO
TAKE PART IN
LEGION MEET**

National Commander Hanford
McNider and Judge Kenesaw
M. Landis "Attract" Music

DEVILS LAKE, JUNE 20-22

Devils Lake, N. D., June 12.—Devils Lake will not have to do all the entertaining when the Legionaires meet here June 20 to 22. There will be bands on very corner of this town when Judge Kenesaw M. Landis and National Commander Hanford McNider arrive here for the opening of the annual encampment. Nine bands are possible assistants to the noise making activities of the ex-fighters. Others may appear without notice.

The 164th Regimental Band from Lisbon will carry the brunt of the heavy work together with Devils Lake's 65-piece Boy Scout band, which will leave shortly after the convention for an engagement at Glacier National Park. Under the leadership of Rev. Mr. Endrud, a chaplain in the World's War, the Starkweather band's appearance is being looked forward to with great interest.

Harvey's Jazz band, the big hit of the Jamestown convention, has already made hotel reservations. This is one of the cleverest combinations of musical comedians in the state and can be relied on to keep the Harvey Legionaires in the foreground.

According to the last issue of the North Dakota Legionaire, the state's official Legion band—from Casselton—will be present even if it is necessary for every member to travel to the Lake via the slide door Pullman route. As a reward for their work of the year, and through the interest of some prominent men in the state, a campaign is now on to send the Casselton band of the national convention at New Orleans in October.

Towns, who want the 1922 convention will supply other bands. New Rockford is expected to send a combination of jazz artists and Wapeton is not expected to allow the Rockfordites to precede them anywhere. These two towns are expected to wage musical warfare for the three days of the convention to prove themselves most able to entertain in 1922.

The "40 Hommes, 3 Cheveaux," state organization, through its recently elected president, Joe Rabinovitch, has promised another hard working organization and an effort is being made to get the Fargo Boy Scout band to add its musical clamor to the amount already a certainty for the Red Devil city.

**RANSOM COUNTY
HISTORY IS TO
BE PUBLISHED**

The Material, Gathered By Mrs.
Curtis, To Be Presented To
State Historical Ass'n.

MUSKET, BUCKLES, FOUND

Lisbon, N. D., June 12.—One North Dakota county will have a well defined history to present to the State Historical Association due to the work of Mrs. Walter G. Curtis of this city. Mrs. Curtis first commenced working on the history of Ransom county for a club paper. This beginning interested her so much, and attracted so much attention that the original short club paper has been developed to an address of more than an hour and much of the material gathered cannot be included.

The material gathered by Mrs. Curtis includes all possible records. She has hunted out and recorded on maps many of the physical aspects of the county in the earlier days. The maps include among other things, the old Indian trails which cross the county, the military trails to the Northwest which crossed the county before the boundaries of the county were fixed or the state outlined. She has also located on these maps the point where General Sibley spent eight days resting, and found there the outlines of the earth works raised by his men. In digging around among these earthworks, an old musket and buckles have been found.

Mrs. Curtis also has shown on the maps the locations of the sand hills, and has secured from geologists, the reasons for these sand hills and the locations of the Sheyenne river, with changes that have taken place in the course of the river as the glacial waters receded.

Mrs. Curtis has also gone out and found the reason for the names of the different townships in Ransom county. Rosemead, being named from the words of an early settler, who looked out at the cluster of wild roses about her and exclaimed upon the beauty of the "rose meadow." Oswego was so named because the early settlers there were from New York, and Syria being the name of the first woman resident of the county. Mrs. Curtis also is compiling a list of all times and places where Ransom county people have been mentioned.

One of her interesting experiences was an appearance with her lecture before the pioneer mothers' club of the county. If I had been possessed of four hands," said Mrs. Curtis, in recounting this experience, "I could not have taken down notes on all of the experiences poured in my ears after that meeting."

**MENNONITES
STILL LEAVING**

Grand Forks, N. D., June 12.—Nearly 300 Mennonites from Plum Coulee, Manitoba, Can., passed through the city last evening on their way to Mexico, a special train of 43 cars carrying their household goods, livestock and farm implements.

In Mexico this band will join colonies of other Mennonites who have deserted Canada because of laws which they declare impose on their religious beliefs and methods of conducting schools. The Mexican govern-

ment has granted them lands and complete freedom in observing their own customs.

The journey of this band contradicts reports from Winnipeg that fore-runners of the colony found the Mexican lands and climate unsuitable to cultivation and advised abandonment of the general exodus. Minor concessions were recently granted by the dominion government and it was reported from Winnipeg that the Mennonites would return.

DISTRICT DIVISION SOUGHT.

Fort Yates, N. D., June 12.—Petitions are to be presented to the Sioux county commissioners in July, asking that a part of the Fort Yates school district be set apart as a new school district. It is understood a similar petition may also be presented then, asking that another new school district be formed out of the Fort Yates school district to consist of the territory in and around Selridge. Selridge, it is stated, plans building a high school as soon as possible, and it is thought that the organization of a new school district will help them obtain the building with less delay.

Musical Club Gives Entertainment For Inmates of Prison

The Thursday Musical Club had a most appreciative audience Saturday night when they gave an entertain-ment at the State Penitentiary for all the inmates of the institution. Mrs. Alfred Zuger had charge of the ar-rangements of the entertainment. Every number on the program was vigorously enjoyed by the audience who thoroughly enjoyed the affair.

Mrs. Obert Olson opened the eve-ning's program with a reading. She was followed by Mrs. Ed. Rose with a piano solo. Miss Madge Runey read a paper on "The American Flag." A vocal solo was given by Mrs. Ar-thur Bauer who was accompanied on the piano by Mrs. J. L. Hughes and Donald McDonald on the violin. Mes-dames W. F. Fitzsimons of the city and W. E. Hearl of Mandan sang a duet that was received with much en-thusiasm. Mrs. W. E. Fitzsimons fol-lowed this with a contralto solo ac-companied on the piano by Mrs. Hearl. Mesdames Hughes and Bauer played a piano duet. The evening's pro-gram was concluded with a vocal solo by Mrs. John Graham accompa-nied on the piano by Mrs. Ed. Rose. Mrs. Zuger and all the members of the Thursday Musical club received their thanks when the audience showed by its behavior how much the program was appreciated.

Mrs. Zuger said she wished to ex-press her appreciation to all the la-dies who took part in the evening's entertainment.

Vacation Bible School Begins

The Daily Vacation Bible School began this morning with an enroll-ment of over 200 young people. Regu-lar work will commence tomorrow morning. All children from kinder-garten age to eighth grade will be given work. All the rooms are well filled, but there is still room for more students. Parents are asked to cooperate with the teachers in se- curing regular attendance. This morning the teachers planned a pic-nic for the pupils and their parents at the close of the 12 weeks' school.

Sacred Concert Is Popular with Crowd

The Sacred Concert which was given under the auspices of the Wo-men's Community Council yesterday afternoon at the Eltinge theater was attended by a good sized crowd which appeared to enjoy the entire program. The pipe organ solos, the vocal and violin solos, and the other musical numbers received repeated applause from the audience. Judge A. M. Christianson gave a very complete address on the organization and work being done by members of the Com-munity Council. The money which was received in the free-will offering will be used to keep up the expenses of the rest room in the Masonic Tem-ple and the work of the organization.

Announces Wedding At Dinner Party

The wedding of Miss Esther Sem-ling was announced at a 7 o'clock dinner party given by Miss Esther Taylor, 1011 Fifth St., Saturday. The marriage of Miss Semling and Walter L. Zarco of Sidney, Mont., will take place June 21.

Places were set for 16 guests at the table. A novelty feature of the af-fair was in the unique place cards which were shaped like sail boats and carried the inscription, "Another pair setting sail on the sea of matrimony."

Wild roses and bridal wreaths were used in decorating the house. Miss Semling is a sister of Harold Semling who was formerly a cashier in the City National Bank. She has lived in the city for a number of years.

TO CELEBRATE JUBILEE

Sister Boniface and Sister Mariette of the St. Alexius hospital will leave this evening for St. Joseph, Minn., where Sister Boniface will celebrate her Jubilee anniversary before de-parting for Washington, D. C., to at-tend the Catholic Hospital convention of the United States and Canada which will take place June 20-24. At the conference President Harding will be one of the speakers.

LEAVING FOR NEW HOME

Supt. and Mrs. J. M. Martin and daughter, Miss Evelyn, left this morn-ing for Nebraska City, Neb., where they will make their future home. For the past six years, Mr. Martin has been city superintendent of the schools. The Martins are motoring through.

HOME FROM SCHOOL

Misses Mabel and Dorothy Parsons, daughters of Mr. and Mrs. W. E. Parsons, who have been attending high school in Fargo, have arrived in the city for a visit with their parents. Miss Mabel graduated from the A. C. high school in Fargo and expects to attend normal school this summer.

WING COMES TO CIRCUS

Harry Knowles of Wing and 43 of his friends and members of his family motored over to the city yesterday evening in order to take in the circus tonight. The crowd is enjoying a regular camping trip. They brought along cooking utensils and a regular outfit.

MISSIONARY LEAVES

Miss Abbie L. Miller, who has been employed in the mission school at Elbowoods for some years past, stopped over in the city today on her way to Red Rock, Ariz., where she will continue her work along mission-ary lines.

VISITORS HERE

Mr. and Mrs. G. Robinson of Man-ging, were visitors here today.

TO ATTEND WEDDING

Mrs. C. G. Boise left yesterday eve-ning for Fargo where she will attend

the wedding of her daughter, Miss Gertrude Boise to Charles Loomis, June 20. Miss Genevieve Boise left this morning for Fargo to attend her sister's wedding.

Picnic Supper for B. & P. W. Club

The B. & P. W. club will hold an-other picnic on the Tourist Camp Ground tomorrow night. All members are asked to be at the club rooms at 6 o'clock if they wish to ride. A unique feature of the evening will be an informal talk on etiquette by Mrs. William Langer. Misses Mary Huber and Marian Kerwin will have charge of the luncheon.

ARRIVES HOME.

COURT HOUSE CALLER.

C. B. Gaskill of Sterling, was a court house caller today.

A CALLER.

Joseph Regan of Mandan, called in the city today.

FROM BEULAH.

Mr. and Mrs. C. E. Ryan of Beulah, visited friends in the city today

Albert Tyler Passes Away

Albert E. Tyler of Brownsville, Wis., passed away Saturday after-noon at 3 o'clock at a local hospital. He was 70 years of age and had come to the city only recently.

SCOUT NOTES

The Episcopal Scouts return from camp at Breien.

It was a jolly though a weather-stained party that returned from their annual camp this weekend. Owing to bad roads the return trip was made by rail.

The camp site is beautifully lo-cated on the banks of the Cannon Ball river where there is a large dam. It is an ideal place for both swim-ming and fishing and the boys did a great deal of both. One lad caught sixteen last Wednesday which were cooked for supper that evening.

The boys rose at 6:30 each day and after prayer and breakfast the pro-gram for the day commenced.

The following acted as assistant Scoutmasters: Monday: Emmett Mc-Cormick, Tuesday: Donald Jones, Wednesday: Dick Dewhurst, Thurs-day: Lewis Grambs all of whom acted in a very efficient manner. The chief cook was Georges Knowles who cooked so well that one of the boys ate sixteen flapjacks at one sitting.

Short services were held each day both morning and evening. The chief scout inspection was held on Wednes-day when the lads in the large squad tents were the winners by one point the next in order of merit being the pup-tent occupied by Harold Lucas and Ray Gobel.

The Scoutmaster, the Rev. T. Dew-hurst, who was in charge of the party, desires to thank all those who loaned tents and helped in so many other ways.

It is predicted that when the Bis-marck-Mandan bridge is completed that Breien will become quite a health and pleasure resort. There is every-thing the camper desires even to the best drinking water for miles around.

GIRLS LEAVE FOR CAMP

The Edith Cavell Troop of Girl Scouts left for their annual camp at Apple Creek yesterday in charge of the Rev. T. Dewhurst. They plan to camp until next Saturday if the wea-ther be at all favorable.

Though the girls will welcome vis-it-ors at any time they have set Wed-nesday next as the official "visitors day." They hope to be able to welcome many of their friends on that day.

Next Saturday has been set apart as the "picnic day" when it is ex-pected that St. Georges congregation and Sunday school will have a good old rollicking day at the Scout camp.

A unique service was conducted by the Rev. T. Dewhurst last evening. It was held in the Scout Camp in the open air. Many were present and enjoyed the service which took the form of vespers and short address.

CITY NEWS

Baby Boy
A baby girl was born to Mr. and Mrs. Mike Schneider of the city Sun-day.

Baby Boy
Mr. and Mrs. Fred Miller of 1016 Ave. B announce the birth of a baby boy Saturday.

Baby Boy

better quality than you
get in factory - canned
goods.

HOOD RIVER
Strawberries

Enjoy Them All Year

HOME-CANNED HOOD RIVER
Strawberries have a flavor and richness
delightfully different from any other fruit.

Put up a good supply—in Ball Mason jars. For
variety, make strawberry jam, conserve and marmalade.
Your family will appreciate them when you put them
up yourself as mother used to.

The HOOD RIVER strawberry season is short. Watch the
market every day. Have your grocer phone you when they're in.

Pacific N. W. Growers & Jobbers Ass'n
General Offices, Minneapolis, Minn.

Canned Strawberries

Hull the berries, wash thorough-
ly, place in earthen-ware dish, put
in steamer or boiler, allow the fruit
to steam slowly until it shrinks.
Allow 1 quart fruit per pint jar.
After steaming, fill in hot sterilized
Ball Mason jars.

To Make the Syrup—Allow 1 cup
sugar to 1 cup water. Heat and
add to filled jar of fruit and seal
immediately. If the fruit has not
cooled to further cooking
is necessary. For added
safety, place filled sealed
jars in boil-
er of hot
water, bring
water to boil
allow
jars to stand
in this hot
water 12 to
15 minutes.

For the Warmer Days
when the palate is tired of heavy foods and soggy pastries, try

Shredded Wheat

with Berries or other Fruit

a dainty, delicious delight, wholesome and nourishing and easily prepared. All the body-building elements in the whole wheat grain made digestible by steam-cooking, shredding and baking. Shredded Wheat combines deliciously with berries or other fruits, forming a meal that sup-plies the laxative qualities so essential to health in Summer.

When you ask for Shredded Wheat be sure you get the original Shredded Wheat you have always eaten, made at Niagara Falls, N. Y.—always clean, always pure, always the same high quality. Two Biscuits with milk or cream, or with berries or other fruits, make a satisfying meal.

ON THE NEWS MAP

Bismarck and its trade territory is now on the news map.
The Tribune with this issue presents for its readers the complete report of the Associated Press, the greatest news gathering agency in the world. It is a mutual organization and Bismarck becomes a unit in the great news gathering endeavor which marks another step in the development of the importance of this section as a news source.

It is the intention of The Tribune to improve its service just as fast as growth of the territory and patronage warrant. A capital city without leased wire service is laboring under a handicap. A great volume of news originates in Bismarck and there is also an insistent demand for a news report of greater volume. The demand is now met.

Few cities of 8,000 can boast of a full leased wire report. In addition staff men of the Associated Press have been assigned to build up in this city a bureau that will gather and disseminate from here news that will be free of bias or political control.

The Bismarck office of the Associated Press in The Tribune building will handle news reports from here to other cities. At frequent intervals over the long distance telephone, reports will be sent to other dailies, so today marks quite an epoch in the development of Bismarck as a new center.

The Associated Press needs no introduction. It is a household word where newspapers circulate. Readers wait for the Associated Press to decide who is elected, which side wins in athletic and other contests and the caption "By the Associated Press" has a mark of genuineness unsurpassed by any other news agency in the world.

It is this service then, that The Tribune is placing before its circle of readers with tonight's issue. Every effort will be made to retain the confidence and deserve the patronage of the past. With the growth of this city and the vast territory at its doors, news service must keep pace.

HOW TO GET KILLED

Whenever you use a ladder, remember that it is the most dangerous device in existence. Ladders continue to cause more accidents than anything else. This is shown by insurance experts' latest check-up of fatal and non-fatal casualties.

Every minute of the day and night, 23 Americans are seriously injured by accidents.

In the last four years, accidents killed or injured more Americans than the total killed on both sides in the World War.

Human deaths by accidents in the United States average around 60,000 a year, or 165 a day, according to the census.

You are, of course, "afraid of getting injured." And of what are you most afraid? Autos, probably.

Yet, for each 67 people killed by autos, 68 are burned to death, 86 died in railroad accidents, 56 are drowned, 26 die in mines, 34 are asphyxiated by gas, 21 are killed around machinery, 23 by street cars, 23 by bicycles and horse-drawn vehicles.

And, topping the list, 111 are killed by falls—from ladders, out of windows, down elevator shafts or slipping on icy sidewalks that could be made safe by a sprinkling of ashes.

Read those figures a second time, record them indelibly in your brain, and you'll know what to be careful of unless you want to meet the undertaker.

Nearly all accidents are the result of carelessness—taking needless chances in the face of danger.

Obviously, then, nearly all accidents could be prevented. The prevention of accidents, according to safety engineers, is about half safety devices and half personal caution.

It is now 22 years since Dr. William H. Tolmar returned from Germany, where he had been studying accident prevention, and started the Safety First movement in our country.

That movement has worked wonders. For one thing, it has reduced railroad deaths to a third of what they were in 1907.

The trouble with the Safety First movement always has been that it is spasmodic. Between celebrations, the public gets lulled into carelessness, then accidents burst forth again on a big scale and another Safety Movement is started.

THE GUMPS—SWEET CINNAMON!

THE WHITE MAN'S BURDEN—A USED CAR.

To keep the Safety First fires burning constantly, several hundred prominent citizens have just formed a national Society for Prevention of Accidents.

To help in this movement and protect your own life and body, you merely have to observe two simple rules: First, keep your eyes open. Second, be cautious, take no chances.

NEW FORD STORY

The Wall Street Journal rounds up a new Ford story that is good enough to pass along. It runs like this:

A fellow dreamed that Henry was dead. The pallbearers were carrying the casket when suddenly its lid flew open. Ford had come to life. He sat up, ran his eye over the six pallbearers and instantly ordered:

"Here, put this casket on wheels and lay off me."

To appreciate this joke about Ford's speeding production, keep in mind that he has orders for nearly 200,000 cars, trucks and tractors for June delivery.

His June production schedule calls for 5400 cars a day or nearly 11 a minute, which seems about the last word in speed.

You have noticed the sudden popularity of closed motor cars. A third of Ford's output this year will be closed cars. At the far end of the line, Packard officials are said to expect 70 per cent of their fall sales will be closed models.

Engineers in the auto industry believe that the percentage of closed cars eventually will settle at 10 out of 100.

If you have a closed car, keep the windows open as much as possible. Fresh air is the only antidote for health deterioration that results from sitting still in a car without exercise.

CHINESE

The Wei Pu, central government of China, bases its foreign policy on the conviction that it is heaper to pay an enemy the indemnity he demands, and avoid a war, than lick him and incur war debt, several times as big.

The Chinese believe that all men guard their lives as their greatest treasures. Hence, capital punishment in China is as common a sentence as 30 days in the workhouse in America.

When a bank fails in China, the banker is beheaded. Of course, this seems atrocious to a sentimental reformer.

However, China claims it has had only one bank failure in the 410 years it has kept the head-hopper's ax sharp.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

FRIEND OF THE FARMER

Senator McCumber was one of the bitterest opponents of Canadian reciprocity on the ground that it gave no protection to the farmer. In a speech in the Senate he contrasted what a farmer would have to pay, at the price he receives for his products, for a day at a modern hotel. "As he leaves the cab that brought him from the station he gives six bushels of oats for the hire and 15 cabbages as a tip. He gives the boy who shows him to his room three dozen eggs and the elevator man a bushel and a half of barley. He gives the man who brings him ice water two bushels of potatoes. His lunch costs him six sheep and a bushel and a half of carrots for the waiter. He pays a quarter of a ton of hay for his breakfast and tips the waiter a bushel of onions."—Killdeer Herald.

THINK IT OVER

People of the great northwest are vitally interested in the proposed St. Lawrence waterway project, which will prove of inestimable value in saving of freight—and will make it possible to load our grain, cattle and other products in ocean vessels at Duluth and Superior, and ship direct to foreign ports. Senator McCumber, as chairman of the senate finance committee, would be in position to render great aid in pushing the project. It will be a contest between the East and the West. Who could wield the most influence for the West, in this contest—McCumber or Frazier? Think it over.—Shields Enterprise.

ADVENTURE OF THE TWINS

By Olive Barton Roberts

Nancy and Nick had run off with the star Comet-Legs always rode. Comet-Legs was a mischievous fairy who wished to be the Man-in-the-Moon.

He had tied his star to a corner of the moon as tight as wax, but the Twins came along in their magic Green Shoes and cut the rope and rode off with it. So Comet-Legs couldn't escape from the moon.

The Twins rode the star to Bluster-Gust-Land, where Mr. Sprinkle-Blow, the Weatherman, lived. Mr. Sprinkle-Blow was a friend of Mr. Peerbout, the Man-in-the-Moon, and disliked Comet-Legs.

Comet-Legs bothered him as much as he bothered the Moon-Man. "Hello there!" called out Mr. Sprinkle-Blow when he saw Nancy and Nick. "What've you got there?"

"Comet-Legs' star," replied Nancy. "We want you to keep it for us. We're going back and try to catch Comet-Legs."

"I'll just go long," said Mr. Sprinkle-Blow. "So he helped the Twins tie their star safely to his chimney and then, jumping on his magic umbrella which he rode, he motioned the Twins to get on behind and away they whizzed."

They landed on the moon and went to Mr. Peerbout's house. But he wasn't there! And he wasn't in his engine house! And he wasn't anywhere.

They called and called and called. But no answer. Mr. Peerbout had disappeared.

MANDAN NEWS

ELECT NEW HEAD FOR TOWN CRIERS

H. S. Russell was elected president of the Town Criers club to fill the unexpired term of O. M. Larson who resigned Friday evening at the meeting held in the Lewis and Clark hotel.

H. H. Williams was chosen to succeed Mr. Russell as vice president. Mr. Larson was forced to resign since he has sold his business and is planning to leave for the coast in the near future.

H. H. Williams gave an interesting address on "Useless Advertising Locally and Nationally."

The Flasher Holstein tour will take place June 15 and the Plymouth Rock pilgrimage to Mrs. Christenson's farm will occur June 16. The New Salem Holstein tour which is set for June 26 and the Farm Boys' camp was discussed by members of the club who pledged their support to the coming events.

J. P. Nissen, Old Time Resident Dies

Joseph P. Nissen, a resident of North Dakota for many years, died suddenly of heart trouble Friday afternoon at his home on Second Ave. N. E. Mr. Nissen was 78 years of age.

Although Mr. Nissen has been ill for some time he was not confined to his bed until Friday. Because of ill health he gave up his business last fall. He was proprietor of a meat market.

Besides his wife the deceased leaves a daughter, Mrs. Plus Zuger of this city, and two sons, Charles Nissen of Eaglehurst, Pa., and Roy Nissen of Grafton to mourn his death. It is expected that the funeral will take place today if all the members of the family arrive.

Mrs. E. K. Bitzing who has been visiting friends in the city since the close of the state meeting of the P. E. O. Sisterhood has returned to her home in Fargo.

Miss Elizabeth Peters of the city and Morris Peon of Glen Ullin entered the Deaconess hospital Saturday for treatment.

Mrs. J. F. Williams left Saturday for Hebron where she will visit her niece, Mrs. Victor Wilson.

TODAY'S WORD

Today's word is HALE. It's pronounced—like "hall," a word, however, to which it is otherwise entirely unrelated, being an older form of "haul," for which it is practically an exact equivalent. It means—to haul, to pull or draw with force, to drag; hence, to compel to go along. It comes from "halen," of German or Scandinavian origin, and is akin to Anglo-Saxon, "geholian," to acquire or get; to Danish, "halen,"

WHAT THE NURSING PROFESSION OFFERS YOUNG WOMEN WHO SEEK A CAREER

By Mary C. Wheeler
Principal of Illinois Training School for Nurses, Chicago

Other than the home-maker, no field of service belongs more closely to women than nursing. No field is linked to so many other professions.

The physician and surgeon, the nurse, the lawyer, the teacher, the preacher, the dietitian, the social service and relief agency workers of various kinds and special experts should all be banded together for two objects—first, to instruct those who are responsible for health in home and community and thus prevent sickness; and second, to aid in restoring the sick to a normal health standard, so that they are again able to take their places in the scheme of life.

Because of these correlations, the nursing profession needs the select student; needs to offer her an adequate education in practice and theory, together with an opportunity to study other professions at the points where they come into contact with her own.

The students, in worthwhile schools of nursing, are selected because of their good health, their education and personal qualifications and purpose. The school experts, besides these preliminary qualifications, to fetch, pull or draw; to Old High German, "halen"; to Swedish "hala," and perhaps to Latin, "calare," to call or summon.

It's used like this—"The sailors haled at the ropes," or, more commonly in news English of the day, "Various attempts have been made to hale Boris Bakmeteff, retiring Russian diplomat in this country, before a congressional committee."

A THOUGHT

God is faithful, who will not suffer you to be tempted above that ye are able to bear, but will with the temptation also make a way of escape, that ye may be able to bear it.—I Corinthians 10:13.

If men would believe that they are in process of creation, and consent to be made, let the Maker handle them as the potter of his clay, yielding themselves in respondent motion and submission, hopeful action with the turning of His wheel, they would ere long be able to welcome every pressure of His hand upon them, even when it was felt in pain.—George MacDonald.

MOVE TO MEDINA

Washburn, N. D., June 12.—Mr. and Mrs. Geo. H. Webber and children are leaving this week for Medina, in Stutsman county, where they will make their future home. Mr. Webber recently organized a banking company, and has started a new bank at Medina which will be known as the Guaranty

that they recognize a definite standard in practice, theory and deportment during the training. The student may expect of a school of nursing that it provide a suitably equipped hospital building, extending practice, at least in the care of medical, surgical, obstetrical cases and the care of sick children, under adequate supervision; that it provide a teaching department so as to correlate the theory with the practice; that living and working conditions be such as will give opportunity for study, rest and recreation.

What are the rewards? A sense of achievement, that is, the doing of something to meet a real need; making a place better for having been in it; taking of responsibility which always insures an added honor of the same kind; the love and respect of those one works and lives with, and the making of an independent living.

In the readjustments now going on with this convalescent world of ours, young women are needed to play an important part. They cannot expect to do it, without a worthwhile preliminary training and that training can be received in a well organized school of nurses.

To know the joy of service—be a nurse.

State bank. The stockholders are Mr. Weber, K. B. Weber and Jacob Frost. The bank is incorporated for \$15,000. Mr. Webber has been in Washburn for several years, in fact since October, 1910, he has made his home here. During that time he has been employed at the Washburn State bank, in which he is still interested.

AT THE THEATERS

AT THE CAPITOL
"Gay and Devilish," opens at the Capitol Theater today with Doris May, Cullen Landis, Otis Harlan, Jacqueline Logan, Paul Montana, Kingsley Benedict and other fun-makers entrenched and ready to bombard local theater-goers with laughs and thrills. Miss May in one of her delightful tapper parts is endeavoring herself to millions throughout the country in this, her latest R-C production. She becomes involved in all manner of laugh-provoking situations. The plot is decidedly novel.

BUFFALO HERD INCREASED

Devils Lake, N. D., June 12.—F. W. Triska, superintendent of the Sully Hill national park near Fort Totten says the buffalo herd there has increased to 11 and are in fine condition.

The herd was begun with six buffalo a few years ago. A fine calf was born this morning, Mr. Triska reports.

EVERETT TRUE BY CONDO

A loafer is always glad when Monday comes because then he hasn't seen every show in town.

Why doesn't somebody organize a wife insurance company?

"Shot by Suitor"—headline. The suitor didn't suit her so he decided to shoot her.

Longest day in the year is June 21. How appropriate that it falls on Friday, the day before payday.

Wonder if a saxophone player can join the musician's union?

Skirts may get longer, but it will be a long time before they keep shoes shined again.

Bulgarian king works his own garden plot. This is better than working international plots.

Nothing is as high as the high cost of loafing.

Wouldn't it be awful if the man who paints pictures for seed packages opened a beauty shop?

Old man Collins' boys like to fight. Michael is the head of the Irish army and Patrick is a Chicago policeman.

The only thing funnier than a fat man with suspenders is a fat man without suspenders.

We would hate to be rich enough to have a Swiss yodler want to marry our granddaughters.

It is better to begin with nothing and work up than to begin with nothing and loaf down.

A political machine is seldom a labor-saving machine.

You hear a lot about old maid reformers; but who wants to reform an old maid?

Our idea of being rich is getting your ties made to measure.

Amundsen has gone to the north pole to find how weather is made. Better try the equator.

The man whose trousers need pressing can get consolation by looking at any statue.

If there isn't any money to pay for the bonus, how do they expect to pay for the tariff?

When a man rushes home on payday you know who is boss at his house.

An ideal life is working in the ice house in summer and firing a boiler in winter.

WHOLE LOAD OF TROUBLE LIFTED FROM FURMAN

Feels Like A New Man, Says Minneapolis Citizen, Since Tanlac Ended Stomach Trouble and Built Him Right Up.

"Tanlac has relieved me of such a load of troubles I just can't help praising it from the bottom of my heart," said George W. Furman, a well known citizen of Minneapolis, Minn. residing at 3241 Columbus Ave., South.
"For three years I suffered tortures from stomach trouble, and after every meal my food soured and bloated me all up with gas so bad I was perfectly miserable for hours, and I nearly starved myself trying to avoid the suffering my meals would cause me. Every night I lay awake for hours turning and tossing and was so nervous at times I actually couldn't stay in bed at all. I felt tired and weary all the time and many a day I thought would be my last on the job.
"But Tanlac has built me right up to where I feel just like a new man, and I'm so grateful I have recommended it to a number of my friends who are taking it with good results. Tanlac certainly does the work."
Tanlac is sold by all good druggists.

News of the Markets

GENERAL LIST SELLING ACTIVE; HEAVY OPENING

New York, June 12. (Wall Street 10:30 a. m.)—Selling of the general list was actively resumed at the heavy opening of today's stock market. Incidents over the week-end including the failure of the German loan negotiations in Paris, gave further courage to the short interests. Studebaker, United States Steel, Baldwin locomotive, Mexico petroleum and several of the speculative rails were the only exceptions to the further reaction. Canadian Pacific, St. Paul, Standard Oil of New Jersey, Kresge, Sears Roebuck, Republic Iron and Steel, Anaconda Copper, Industrial Alcohol, Westinghouse and American Hide and Leather preferred were lower by fractions to one point. All foreign exchanges were unsettled, the British rate reacting 1-4 cents from last week's final quotations. French, Belgian and German bills continued to weaken.

The most comprehensive selling movement staged in some time broke out shortly after midday. Prices of a score or more of the active shares crumbled 2 to 3 points. Practically all of the industrial issues were under pressure, likewise a sprinkling of the railroads. The oils were forecast in the decline, but there were heavy offerings also of the independent steels, shippings and equipments. United States Alcohol, Davidson Chemical, American beet sugar, May Department stores, Continental Can, National Enameling, Maxwell motors A. North American and Brown Shoe also sustained severe losses.

SHORTS CONTROL STOCK MARKET

New York, June 12.—Shorts were in control of the stock market this morning. Dealings became more active as prices continued to decline. Losses of one to five points accompanied the selling of minor oils, motors, independent steels, coppers, shippings and rails. Heaviest features comprised Barnsdall A and B, shares, Phillips Petroleum, Chandler, Willis Overland preferred, Crutcher and Lackawanna steels, Mercantile Marine preferred, Pullman Consolidated Gas, Peoples Gas, Pacific Telephone, Market Street railway prior and Texas and Pacific. Strength was confined to a few issues such as Lake Erie and Western common and preferred, Virginia-Carolina chemical and Postum cereal preferred. Call money opened at 3 per cent.

CHICAGO LIVE STOCK

Chicago, June 12.—Cattle receipts 24,000; slow beef steers uneven; mostly weak to 15 lower; few strictly choice kind about steady; top \$9.50; weight 1,446 pounds; bulk beef steers \$8.25 to \$9.00; she stock weak to 25 lower; in-between grades off most; bulls and stockers steady to weak; veal calves 25c to 50c lower; quality considered; bulk butcher cows and heifers \$5.50 to \$7.35; bulk bologna bulls \$4.40 to \$4.60; bulk vealers early to packers \$10.00 to \$10.50.

"PLUS" PLAN TO BE PROBED BY TRADE BOARD

Duluth, Minn., June 12.—Local business interests and consumers opposed to what is known as the "Pittsburgh-Plus" practice of price fixing on steel, will have the opportunity of presenting their case to an examiner of the federal trade commission at a public hearing here tomorrow. K. E. Steinhauer of the federal trade commission will present the case to J. W. Bennett, federal trade commission examiner.

BUMPER YIELD PREDICTED OVER WINTER BELT

Chicago, June 12.—With harvest expected to become general this week in the winter crop belt and with a bumper yield in prospect, wheat prices today reacted to a material movement to market straight from the elevator. The fact that elevator facilities here were still clogged with grain tended further to put the bulls at a disadvantage. The opening which ranged from 1-8 to 1 1-4 lower with July \$1.14 1-4 to \$1.14 1-2 and September \$1.13 3-8 to \$1.13, were followed by a decided further drop.

Corn and oats started firmer but then sympathized with the weakness of wheat. After opening unchanged to 3-8 higher July 62 1-4 to 62 3-8 the corn market declined all around below Saturday's finish.

Oats started a shade to 1-8 higher, July 28 3-8 to 1-2 to 36 1-2 and later followed corn downward.

Lower quotations on hogs weakened the position market. Subsequently favorable weather and slackening of export demand led to active liquidation on the part of holders, and prices suffered a sharp setback. December touching the lowest quotations yet this season. The close was unsettled, 3-18 to 5 cents net lower, with July, \$1.09 3-4 to \$1.09 1-8, and September, \$1.10 1-8 to \$1.10 1-4.

SOUTH ST. PAUL LIVESTOCK MARKETS

South St. Paul, Minn., June 12.—Cattle receipts 4,200; market slow, killing classes generally weak to 25 cents lower; common to good beef steers \$7.00 @ \$8.75; bulk \$7.75 @ \$8.50; best load early \$8.75; butcher cows and heifers \$4.25 @ \$5.50; bulk \$4.75 @ \$6.75; canners and cutters \$4.75 @ \$5.75; bologna bulls \$3.50 @ \$4.25; stockers and feeders \$5.00 @ \$7.75; calves receipts 1700; mostly 25 cents @ 50 cents lower; best lights \$9.00 @ \$10.00; bulk \$9.25 @ \$9.50; seconds mostly \$5.00 @ \$5.50.

Hogs receipts 11,500; fully 25 cents lower; bulk of better grades \$9.75 @ \$10.15; few good 1700 pound hogs \$10.25; packing sows \$8.50 @ \$9.75; good pigs \$11.00.

Sheep receipts 400; ewes about 50 cents lower; other classes steady to weak; good spring lambs \$13.00; good shorn lambs around \$11.50; native shorn ewes \$2.50 @ \$6.00.

GOOD WHEAT DEMAND

Minneapolis, Minn., June 12.—There was no lack of demand for good wheat during the early part of the session today and competition for certain kinds resulted in scattered sales developing at a cent advance compared with yesterday's market. Good stuff moved quite readily at firm comparative prices, but the poor stuff dragged again.

Winter wheat supply was moderate and demand for Montana was better.

BISMARCK GRAIN

(Published by Russell-Miller Co.)
Bismarck, June 12, 1922.
No. 1 dark northern \$1.34
No. 1 amber durum \$1.06
No. 1 mixed durum \$1.08
No. 1 red durum \$1.33
No. 1 flax \$2.11
No. 2 rye \$2.06
No. 2 rye \$2.06

DEAR RAID IN DULUTH

Duluth, Minn., June 12.—Deers again had their innings with vengeance in the wheat market today. Urgent selling appeared at the opening, prompted by encouraging reports regarding wheat crop conditions and advices that new wheat would be available for shipment from some sections of the southwest. Operators were inclined to increase their estimates of winter crop yields for the season.

Grain wheat continue liberal on this market. The market was weak at the close, July wheat closed off at \$1.24 nominally high, July durum closed 5 1-8 cents off at \$1.12 1-2 and September 5 3-8 cents off at \$1.06 3-4. Spot rye closed 3 3-4 cents off at \$2.04 1-2 and 4 1-2 cents off at \$2.06 1-2. Mixed corn 1 1-4 off at 57 cents and No. 2 yellow 1 cent off at 57 1-2.

New low levels on this movement were set in the early part of the session. July wheat closed 5 1-8 cents off at \$1.24 1-2 and September 5 3-8 cents off at \$1.06 3-4. Mixed corn 1 1-4 off at 57 cents and No. 2 yellow 1 cent off at 57 1-2.

FOREIGN EXCHANGE

New York, June 12.—Foreign easy. Great Britain demand \$2.80; cables \$2.82 1-2; Italy demand \$5.50; cables \$5.50 1-2; Germany demand \$1 1-4; France \$1 1-4; Sweden demand \$26.00; Montreal 99 1-8 cents.

N. Y. MONEY MARKET

New York, June 12.—Call money firm high 3 1-2 percent; low 2 3-4 percent; ruling rate 3 percent. Time loans steady. Prime 90 days 4 to 4 1-4 percent. Prime 60 days 4 to 4 1-4 percent. Prime 30 days 4 to 4 1-4 percent.

CASH MARKET

Minneapolis, June 12.—Wheat receipts 32 cars, compared with 419 cars a year ago. Cash: No. 1 northern \$1.39 1-2 to \$1.48 1-2; July \$1.31 1-2; September \$1.18; December \$1.20 1-4; Corn No. 2 yellow 52 to 53 cents; No. 2 mixed 53 to 54 cents; No. 3 mixed 53 to 54 cents; No. 1 white 31 1-2 to 32 1-2 cents; No. 2 white 31 1-2 to 32 1-2 cents; No. 3 white 31 1-2 to 32 1-2 cents; No. 1 mixed durum \$1.24 1-2 to \$1.26 1-2; No. 2 mixed durum \$1.23 1-2 to \$1.24 1-2; No. 1 durum \$1.13 1-2; No. 2 durum \$1.16 1-2; No. 1 mixed durum \$1.15 1-2 to \$1.20 1-2; ditto arrive \$1.14 1-2; No. 2 mixed durum \$1.12 1-2 to \$1.18 1-2; No. 2 mixed arrive \$1.12 1-2; No. 1 red durum \$1.12 1-2.

LIBERTY BONDS

New York, June 12.—Liberty bonds closed: First 4 1/8 @ 99.96 bid; Second 4 1/8 @ 99.84 bid; Third 4 1/8 @ 99.72 bid; Fourth 4 1/8 @ 99.60 bid; Victory 4 3/8 @ 100.62 bid.

CASH PRICES.

Chicago, June 12.—Wheat: No. 3 hard, \$1.13 1-2; corn No. 2 mixed, 60 1-4 @ 61 cents; No. 2 yellow, 60 3-4 @ 61 1-2 cents; oats No. 2 white, 36 3-4 @ 39 1-4; No. 3 white, 35 @ 37 1-2 cents.

MUSIC—Private lessons given on all band instruments every afternoon 2 to 6 p. m. Will School. 6-10-2t

THREE NAMES ORDERED.

ON COMMISSIONER BALLOT
Minot, June 12.—The names of three candidates for county commissioner from the fifth district of Ward county will appear on the ballot at the June primaries, as the result of an order issued by Judge John C. Lowe in district court, making the alternative writ of mandamus, which was issued a few days ago, permanent, and directing that R. W. Kennard, county auditor, be instructed to place the names of William Johnson and Knute Walsvig on the ballot.

L. W. Tottner, county commissioner, has also filed a petition asking that his name be placed on the ballot, so that three candidates will be in the running for the office.

A peculiar situation has arisen in this district, through the action of W. F. Hayes, in vacating the office, and the election of L. W. Tottner at the 1920 election. Mr. Hayes was appointed to fill the unexpired term of O. Lokenseard, resigned, and thought that the unexpired term terminated Jan. 1, 1921, instead of Jan. 1, 1922, as brought out by the ruling of the district court.

ANNOUNCEMENT

I hereby announce myself as a candidate for the office of County Auditor of Burleigh County at the June 1922 Primaries.

GREAT HITTERS BAT AVERAGES SUFFER SLUMP

Sisler, Cobb, Speaker and Hornsby
by "Getting Back to Normalcy"

WILLIAMS HAS 14 'HOMERS'

Max Carey, of Pittsburgh, Is
Leading The Base Stealers
With Ten

Chicago, June 12.—(By the A. P.)—With warmer weather and more work, the major league pitchers are hitting their stride with the result that the sluggers are finding it harder every day to get the ball into safe territory. This is shown by the steady shrinkage during the past week or two in the batting averages of such hitters as George Sisler, Ty Cobb, Tris Speaker, Rogers Hornsby and others.

The youngsters who set the league afire in the first weeks of the season with .450 marks now are getting back to their normal averages of .275, while Sisler and the others, dropping more slowly than the flash-in-the-pan batters, still are rapidly getting down to their usual records.

Sisler still tops the American League batters today despite a drop from .425 last week to .419 this week, the latter mark including games of last Wednesday.

Sisler cracked out nine hits in his last six games, scored six runs, and stole five bases, and as a result continues to be the whole show, with the exception of the home run attraction. With his twenty-three stolen bases, Sisler is far in front of his rivals on the path, his closest competitor being Kenneth Williams, who has pilfered seventeen bases.

The late start and slow progress made by "Babe" Ruth, the King of Swat, to retain his honors, has encouraged other players to enter the competition in the hope of topping the "Babe." Ken Williams, of St. Louis, barged another homer bringing his string to fourteen. Ruth has three. Ed Miller of Philadelphia, is trailing Williams with 12; Harry Heilmann of Detroit, and C. Walker of Philadelphia have eight apiece, while Baker of New York, Judge of Washington and Falk of Chicago, have entered the contest with seven each.

Other leading batters for twenty-five or more games: Stephenson, Cleveland, 14; Ed Miller, Philadelphia, 13; Wilt New York, 12; Cobb, Detroit, 11; Speaker, Cleveland, 10; O'Neill, Cleveland, 9; Schang, New York, 8; Heilmann, Detroit, 7; Bursar, Detroit, 6; Blue, Detroit, 5; McManis, St. Louis, 4; Seaver, St. Louis, 3.

First in war first in batting. This is the honor which has fallen to Hank Gowdy of the Boston Braves, the first major league player to enlist in the war.

Today he is leading the batters of the National League with an average of .354. Gowdy is nine points ahead of Bigbee of Pittsburgh and Flanagan of Cincinnati who are tied with .375, for the runnerup honors. Hornsby of St. Louis, and T. Griffith of Brooklyn, are trailing for third place honors with averages of .374 each.

Hornsby failed to add to his home run record in his last five games, but is far in front with thirteen.

Max Carey of Pittsburgh continues to lead the base stealers with ten.

Other leading batters for twenty-five or more games: B. Griffith, Brooklyn, .371; Daubert, Cincinnati, .362; Kelly, New York, .360; Grimes, Chicago, .349; Southworth, Boston, .341; Snyder, New York, .340; Maranville, Pittsburgh, .339; Myers, Brooklyn, .337; Duncan, Cincinnati, .333; Groh, New York, .333; J. Johnston, Brooklyn, .331; Baneroff, New York, .330; Hollocher, Chicago, .326.

Hyatt of Milwaukee remains on top of the batting heap in the American Association with an average of .400 with "King" Lear, a team-mate, running second, four points behind him. Third in line is Kirke of Louisville, with an average of .383. The figures include games of Wednesday.

"Neb" Russell of Minneapolis, with Krueger of Indianapolis, and Becker of Kansas City, are shooting at the home run leadership with the prospects of overcoming Bunny Brief's mark of fourteen. The Kansas City slugger has been out of the game due to illness. Russell has connected with ten homers, while Krueger and Becker have nine apiece. Mathews of Milwaukee and Baird of Indianapolis are tied for base stealing honors, with ten apiece.

Others leading batters for thirty or more games: Becker, Kansas City, .379; Hendryx, St. Paul, .379; Krueger, Indianapolis, .370; Haas, St. Paul, .364; Griffin, Milwaukee, .362; Jourdan, Minneapolis, .362.

LENGLEN STILL CHAMPION IN NATIVE LAND

Paris, June 12.—Suzanne Lenglen remains champion of France at hard court tennis. She retained her singles title against Challenger Mme. Golding on Saturday. Yesterday she won the mixed doubles with M. Brugnon from Mme. Golding and M. Borotra, 6-0, 6-0, and with Mme. Piqueron took the women's doubles from the challengers, Mlle. Conquet and Mme. Danet 6-3, 6-1.

The first street railway in the world was the New York and Harlem road, opened to travel in 1822.

McKenzie Is Wounded
The prison baseball team walloped the McKenzie team, something like 24 to 8 Sunday afternoon. Lovers of free hitting enjoyed the game.

PLENTY OF CONFIDENCE, FINE! BUT NOT TOO MUCH OF IT

Benny and Joey Leonard

THE FIRST STREET RAILWAY IN THE WORLD WAS THE NEW YORK AND HARLEM ROAD, OPENED TO TRAVEL IN 1822.

YANKEES HOLD MARGIN OVER ST. LOUIS TEAM

Leverette Wins Game Over Boston in 13 Inning Struggle
By Drive

Chicago, June 12.—Four and a half games was the margin the Yankees held today over St. Louis in the American League race, the best lead they have had this season. They drove Urban Shocker to cover yesterday, for the second successive game and walloped the Browns, 5 to 4.

The Giants won a 2 to 1 decision from Cincinnati, although Luque allowed only three bingles, two of them scratches, while the Reds rapped Ryan for 10 hits. The only solid blow gathered off the Cuban was a homer by Casey Stengel.

"Dutch" Ruether had a easy time hanging up his eleventh victory of the season and Brooklyn made it two straight from the Cubs. Wheat clubbed out his 8th circuit smash, in addition to a double and a single.

Leverette, White Sox pitcher, won his own game in a 13 inning struggle with Boston, his double driving across the deciding tally, while Cleveland rallied in the 9th to beat the Athletics in a slugfest match, 9 to 8. Joe Evans' triple sending over a brace of runs.

Phillete held Washington to two long hits, while Detroit pounded McGraw and Gleason for 17 safe blows, including Heilmann's tenth homer of the season and eight runs.

FAMOUS SWED GRAPPLER HERE

John Freeberg, Champion of Sweden, to Meet Finlayson

John Freeberg, champion Swedish wrestler, worked out in Bismarck Sunday afternoon at the Arcade Bowery. Freeberg, who possesses a marvelous physique, excited the admiration of those who watched him preparing for his match with Ellsworth, Finlayson, local wrestler.

Freeberg is probably the most famous wrestler that Bismarck fans will have the opportunity to see for years to come. Recently he met Strangler Lewis and will wrestle him again for the championship with the headlock barred. Freeberg also is booked to participate in the international wrestling carnival to be staged in Nicollet park, Minneapolis, next Wednesday. He and "Strangler" Lewis are the headliners. Wrestlers of nine nations will participate.

Freeberg wrestled in Jamestown Saturday night, and will wrestle Ellsworth Finlayson at the Arcade Bowery tonight.

HOOVER'S TIME NOT A RECORD

Philadelphia, June 12.—Delivers into athletic statistics have discovered that Walter Hoover's time of seven minutes, 24 seconds in winning the Philadelphia challenge cup, emblematic of the world's amateur single sculling championship, over the mile and a quarter, was not a world record, although it was announced as such after the race on the Schuylkill river last Monday.

In August, 1919, after the National

Association of amateur oarsmen changed the distance for its championship race from 1-1/2 to 1-1/4 miles. William Mercher of the Nassau Boat club of New York won the single sculling event in Detroit in 7 minutes, 19-2/5 seconds. A short time later John W. O'Neill of the St. Mary's A. A. won the championship single sculls race in Detroit in exactly the same time.

ILLINOIS TO ENTER FIELD NATIONAL MEET

Chicago, June 12.—Announcement of Illinois entry in the national intercollegiate track and field meet at Stages field next Friday and Saturday was received with rejoicing today especially among Illinois alumni, who had smarted under the criticism caused by Coach Gill's announcement last week that Illinois would not compete. This criticism was in a large measure responsible for Illinois' decision to enter despite Gill's objections to rules governing the national event.

The entry of Illinois assures a close duel between the Illinois and California.

GIBBONS' BOSS VISITS CITY

Mike Collins, manager for Mike Gibbons, St. Paul boxer, was in Mandan and Bismarck Saturday and Sunday.

Collins has lined Gibbons up for a match on Friday, June 16, probably at Mandan although he discussed changing the place of the match to Bismarck with local fans.

SPORT BRIEFS

Chantilly, France, June 12.—Ramus won the French derby.

Chicago, June 12.—Commissioner Landis refused to allow Johnny Evers' claim against the Boston Nationals for the 1918 season salary.

Tokio, June 12.—Keio University defeated the University of California in a baseball game.

IN RETIREMENT

Man o' War is living in retirement at present on a stud farm in Kentucky.

Visitors drop in from every state in the union to see this, the greatest specimen of racing horseflesh of the century. Many of those who come to pay tribute never were interested in racing in the least until Man o' War's triumphs attracted their attention.

On the farm he's known as "Red."

His constant attendant is his special groom, a deep brunet of course, this being in "Old Kentucky" who answers, when formally addressed, to the name of "Buck," but who's much better known as "Pop Chops."

"Red" exercises always under the saddle except during the grazing period as in his racing days.

LEGAL NOTICES

NOTICE OF MORTGAGE FORECLOSURE SALE

Default having occurred in the conditions of the mortgage hereinafter described, notice is hereby given that certain mortgage executed and delivered by R. L. Scott and Emil B. Scott, his wife, of Burleigh County, North Dakota, mortgagors, to Martin Bourgeois of Bismarck, North Dakota, mortgagee, dated the 9th day of December A.
